Free Trial Terms for Archimedes

Thank you for choosing Archimedes! Here are the terms for our 7-day free trial:

1. **Free Trial Period**: The Archimedes subscription includes a 7-day free trial for all new users. During this period, you have full access to all subscription features at no charge.
2. **Billing and Payment**: After the 7-day trial period ends, a monthly subscription fee of $1.99 will be charged. Billing will only begin once the free trial has expired.
3. **Cancel Anytime**: If you choose to cancel your subscription within the 7-day free trial period, you will not be billed. Cancellation before the end of the trial means no payment will be required, and your access will end at the trial's conclusion.
4. **Automatic Renewal**: Your subscription will automatically renew each month for $1.99 unless canceled.
5. **Non-Refundable Policy**: If the subscription is not canceled before the free trial ends, you will be billed $1.99 for the following month. This charge is non-refundable, but you may cancel at any time, and the cancellation will be effective at the end of the current billing period.

Please ensure you cancel before the end of the free trial to avoid charges if you do not wish to continue with a paid subscription.
